Grant put his moment in his book, which belongs, perhaps only to him. It is the moment when his emotions achieve their most powerful sway over him, and all he can do is pray for his people: *the world today or life or reality* be aware, assume that you mean this moment, even if it is fifty years past.

Words from Knowles' *A Separate Peace*, that jumped from the page of the book to what I knew needed to be on this page of this book. That is exactly what we as a staff have been trying to achieve with this book—capturing a period of our lives into 200 some pages, so that in 50 years it will convey our reality of our life then, while at the same time working to produce something creative and new.

Grant put his moment in his book, which belongs, perhaps only to him. Northridge tennis isn't simply a team, it's not just a game. NR tennis is a state of mind. Tennis is a mental game, and the Raider guys know what it takes. Winning sectionals, regionals, and making it to semi-state was no accident. On this team it doesn't matter if you are playing onesingles or varsity or simply cheering on, just being a part of this team is something to be proud of.

4th Quarter NORTHDRIDGE VS. WEST NOBLE

The Raiders were down 21 to 14 with 1:36 left on the clock. The Raider offense drives down the field to the 11 yard line with two catches by sophomore Tyler Smith. This sets up a touchdown by senior Nick Crawford to make the score 20-21. The hope of tying the game was lost after a missed extra point still gave West Noble the one point lead with 1:01 left the game. The only hope left was an onside kick by the Raiders to keep hopes of breaking their losing streak alive. It was up to Senior Ron Powell to place the kick perfectly so Northridge can recover the ball. The ball is kicked, hits off a West Noble player and giant pile up occurs in the middle of the field. The referees break up the pile to see who recovered the ball. A large roar comes from the Northridge crowd as they find out Senior Alex Smith recovers the ball on the 49 yard line. With less than a minute left the Raiders had one last shot to win this ball game. Nick Crawford scrambles on a 51-yard run to end up 39 yards away from victory. On 3rd & 2, Crawford connects with Ron Powell who runs in the end zone for the touchdown. The sound from the Raider crowd was so loud you would think you could hear it in Elkhart. It's moments like this when you see results after all those two-a-days, all those drills, and all the discipline. The losing streak was finally snapped.

"This year was a great year for Northridge Football. We obtained our first win in 21 straight games (20 of those the seniors had to endure) in our season opener against West Noble. We beat Cashion for the 1st time at Foreman Field and only the 2nd time in school history. I am sure this senior class will never be forgotten and we will never forget Northridge or each other."

Raider Cross

This year's cross-country team includes: Ken Collins, Braxton Fritz, Joel Stalter, Andrew Simons, Andy Williams, Nate Yoder, Lathan Fritz, Garan Galbreath, Jeremy Mitroka, Loren Spirito, Brock Wappes, Ladd Mercer, and Tony Yoder. In the history of Northridge, no boys' cross country team has ever won state. Until this year, Coach Fletcher attributes this to the dedication, listening skills, and absolute refusal to be denied that this team shows. Also, the team's obsession with the game Halo, "Even the night before state meet, they were playing Halo in their hotel room." The team is now ranked 15th in the country and has been invited to the Nike Nationals which allows only 20 teams. The competition is an all expenses paid trip to Oregon, and the guys are very excited.

This season was a great one for our team and fans alike. And ups and downs. We had a lot of challenges but made it through strong for most of the season. We were able to make it to the nationals we ran and enjoyed playing and being in the process. It was definitely a great season for us. We had a lot of great players. The team was one of the best we ever had. We had a lot of fun. We were like the team we always wanted to be. We were for the excitement that we had with all the hard work. Thanks to all the great players and fans. It was a great season.

Congratulations to the varsity boys soccer team for an outstanding record of 13-6-3 season. The boys marveled everyone by becoming the first team in Northridge history to win SECTIONALS, REGIONALS, AND RUNNER UP at SEMI STATE. This group of young men have produced one of the most memorable and enjoyable seasons that we have ever had. Coach Woodworth.

Never Back down

When you're a member of the varsity basketball team, you know that you're going to have a lot of challenges. You're going to have to work hard, you're going to have to be a team player, and you're going to have to be a winner. You're going to have to be a person who is always ready to give it your all. You're going to have to be a person who is always ready to take the lead. You're going to have to be a person who is always ready to be the best. You're going to have to be a person who is always ready to be the one who never backs down.

Our overall record is not a fair indication on how we played this year. We had 14 games decided in the last 3 minutes and had 5 games go into overtime. I was proud of the way our girls battled and executed in almost every game. The outcome might not have been what we wanted, but the effort was there in each game. A lot of that, I believe, had to do with our senior leadership. I thought that Talia, Courtney, and Amber were tremendous all year with their play and their leadership.

The 2005 girls' basketball team smiles together
after a victory over their opponent.

All the girls posing for a picture during one of their crazy
spirit days at home games.

This year the girls finished their regular season
10-1 and went 7-0 in the conference, making it
their 4th consecutive year being undefeated in
the NLC. They also won both conference &
sectional meets and placed 18th at the state
meet. Way to go Ladies!!

“The greatest thing I can do in this world is to make the most possible out of the stuff he has been given. This is swimming and there is no other. Gentlemen, all I can do is shake my head and SMILE because you paid your dues, proved last year was no fluke, and cashed in!”

For the first time in my coaching career, I feel a level of satisfaction. “Why? Because if a man does his best, what else is there? The future! Well, if any lesson has been learned then it is this: Always do your best.”

"I have been in swimming since the age of five until I was 10, so what I have changed in the time swimming ceased to be a sport I did and something I stayed in because it was good and it did me no harm and I can't do it any longer in credit but in my team. They are in Italy. When you have pride in what you do and the people you've associated it's hard not to be a friend." A: Mike

You think this is fun? You think sliding into home plate and messing your jersey up is fun? You think it's fun to pitch an entire game until your arm feels like there's a thousand needles in it? You think running into the the left field fence while catching a fly ball is fun? You think it's fun when your up to bat and there are two outs and you need to score the one run to win the game? You think this sport is fun? **Ya Darn Right it's Fun!**

Tennis

Raider Pride...

The girls' tennis team at a dinner.

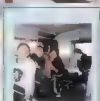

Team Dinner, a event where team mates gather together to participate in the gorging on their bodies with gourmet food, complemented nicely by many memories and of course, that agree in one's stomach that can only come from too much food, and just enough laughter.

Raider Tennis, is not just a sport, it's memories, laughter, friendship, rivalry, fun rides, spirit, daredevil stunts, sports, sports made jokes. All these make a great season. And so they say, though we get paid, we're not.

This way of life plays a whole new game for you. You may have heard of the saying "You are what you eat" but this is the real deal. And not for just the food, but for the way you live with it.

Flowers for Algernon

Dave Moan and
Valencia Zinich

This years fall drama was *Flowers for Algernon*. The story is about Charlie (Dave Moan), a middle - aged, mentally handicapped man. Charlie(far right) knows being smart is important so he takes night classes and learns to read and write while he works for Mrs. Donner (Valencia Zinich). Then the opportunity of a life time is discovered by Charlie's teacher(right), Ms. Kinnian (Rachael Bowlby). Scientists (Ty Miller, Ty Konopinski) discover how to increase the intelligence in a mouse, Algernon, and now they want to help humans. Charlie has the operation and has better results then they had hoped, he is now a genius. As time passes Algernon slowly loses the intelligence he gained. Now what will become of Charlie?

Hot Havana Nights

Hot Havana Nights was such a perfect theme for the Semi Formal dance of 2004. While the dance floor was hot, girls and guys were lookin' their absolute best. People were shaken', groovin', and bumpin' to the wonderful music of our own DJ, Trixx ('Sam Ran'). Students were making memories that never will be forgotten. Keep groovin' on the dance floor!

"When I first came to Northridge, I was scared that we, (as freshmen) would be picked on and taunted by the older students. I thought it would Bill Middle School all over again, but it's not. On the first day of school I couldn't find my Biology class, I was so late already and I couldn't find anyone to ask. As I turned the corner I found some seniors walking slowly to class. I showed one of them my schedule and asked where the class was. She walked me directly to the room! I was so grateful. And basketball, when we didn't know the plays the JV and Varsity girls showed us and helped us go through them. I can learn a lot from the older experienced upperclassman."

We haven't
CHANGED OUR NAME

OR OUR VALUES
for 90 yrs.

When it comes to common sense, we go anything but common.
For over ninety years we've stuck with what we do best, serving
people. Sure, honest, hometown values may seem hard to find.
But at First State Bank, we treat you like family, right here at home.

Here you are your senior year! Where did the time go? It seems like yesterday that you were born. You have always amazed us. When you were nine months old you started walking. At three you started dancing and fifteen years later you still love the stage. You have achieved and done so much in your eighteen years that we are so proud of. You are a wonderful daughter and big sister.

Now you are ready for the next step in your life at college. Good luck we love you!

Seems like yesterday, you
were just a little girl with
this beautiful smile. Now
you're all grown up, but
you still have the same
great smile. We are so
proud of you!

Love Always

Mom, Dad, Colin and
Carson

Daniel Fitzpatrick

Keep smiling, Daniel.
Your goals are well
within reach. Colum-
bia may never be the
same though... Do Do
who??? We are proud
of you!

Love Mom, Tom and

From walking to running
tennis to high heels
Your beauty as a flower
Your smiling heart fulfills.

You have so many talents
It makes it hard to choose,
but after thinking through it
I know basketball can't lose.

College in your future,
Diploma in your hand
Let God walk close beside you
and you will always stand.

We're so very proud of you!

Love,
Dad, Mom, Tyler and Tiah

The first part of the paper discusses the importance of understanding the underlying mechanisms of the observed phenomena. This is followed by a detailed analysis of the data, which reveals several key findings. The results indicate that there is a significant correlation between the variables studied, and this relationship is further explored in the subsequent sections. The paper then presents a series of experiments designed to test the hypotheses derived from the initial analysis. These experiments involve the manipulation of various factors and the measurement of their effects on the system. The findings from these experiments are then compared with the theoretical predictions, showing a high degree of agreement. Finally, the paper concludes with a summary of the main results and a discussion of the implications for future research. It is suggested that further studies should be conducted to explore the underlying mechanisms in greater detail, and to investigate the potential applications of the findings in other contexts.

i have seen the expansion of our school, the change of a schedule, i have seen 721 students grow to 1186. it has been my pleasure, my honor to call northridge home for the past 27 years. **students of NHS,** i note your many accomplishments and **i believe in you.** i want to thank you all. i will miss making a contribution to your **lives.** thank you, good bye, and good luck.

Jim Lichtenberger

May your days at NHS be as fond as
mine have been. And if nothing else,
never forget that, above all,
in life no one thing is more
important than to love and be loved.
